YACHT INFORMATION

Let the wind of the Mediterranean Sea blow through your hair while you are aboard of the Oceanis 50. This sailing yacht was built in 2011 and is awaiting you in the port of Palma de Mallorca. Up to ten guests find enough space in five cabins for a laid-back time – includes three showers.

The main sail and roller furling genoa will have you glide across the Mediterranean Sea, while built-in plotter and autopilot help you to stay on course. The spacious interior is heated, which calls for a good time even if temperatures are a little colder outside. With its length of almost 15 meters this sailing yacht will take you on an unforgettable trip.
