YACHT INFORMATION

The M/Y Libra Y has a spacious salon that can also be used as a dining room if required. Large, comfortable sofas and stylish beanbags are perfect to lounge around, relax and watch TV. On the upper deck there is a beautiful combination of a private office and a living room with original furniture from the 50s and 60s. The vintage "Charles Eames" armchair with footrest and the Noguchi coffee table complete the interior perfectly, creating a comfortable and exceptional atmosphere. The yacht has a magnificent owner's cabin, two double cabins, a twin cabin and a bunk bed cabin.

Of particular note is the huge back deck area, which is ideal to receive guests or simply to enjoy the day and the views of the Greek islands in total privacy and comfort. On the upper deck is another large outdoor area, ideal for sunbathing and entertainment. In front of the bridge, a hanging balcony provides an additional space for sunbathing and the opportunity to enjoy relaxing moments with the sound of the sea.

As an additional highlight: As an art collector, the owner has exhibited contemporary photographs on the entire yacht. The collection includes works by Nan Goldin, Matthew Barney, Nobuyoshi Araki, Piotr Uklanski, Louise Lawler, Roni Horn, Roe Ethridge, Tacita Dean and Christopher Williams.
