INFORMACIONES

The high performance 29.9m Azimut «Koukles» was delivered from the shipyard in 2008 and underwent a refit in 2021 to meet the highest standards of yachting. With her blend of modern design and comfort, the yacht offers a wonderful opportunity to cruise Greece during the summer months. Thanks to the recent refit, Koukles has been upgraded in both interior and exterior design, making her ideal for memorable cruises as a couple, with family or with friends.

Koukles accommodates up to nine guests in four en-suite cabins, specifically a master suite, a VIP cabin, a double cabin and a twin cabin with pullmal bed.

The flybridge shines with a Jacuzzi and comfortable sun and seating areas. More space to relax can be found on the spacious foredeck with sun loungers, tables and chairs.

The yacht's stabilisers ensure a smooth journey and the numerous water toys make Koukles ideal for fun water activities. Equipped with jet ski, seabob, water ski, wakeboard, snorkelling and fishing equipment as well as bicycles, the yacht leaves nothing to be desired.
